The undersigned applicant hereby applies for a water connection to the above described property. The applicant is the owner or customer of the described property or the authorized agent of the owner. By signing this application, the applicant agrees, as a condition of the East Wenatchee Water District providing and continuing service to the above described property, to comply with all provisions of the current Resolution No. 462, or the latest revision thereof, and other such rules and regulations now existing or which may be established from time to time governing the public water system. The applicant specifically agrees to install and maintain at all times their plumbing system in compliance with the most current edition of the plumbing code having jurisdiction as it pertains to the prevention of water system contamination, prevention of pressure surges and thermal expansion in their water piping. A separate water service connection may be required for irrigations systems. The appropriate method of backflow protection will be determined by the District's Cross Connection specialist and will be required on each irrigation system. For thermal expansion, it shall be assured that a check valve is installed by the East Wenatchee Water District on the water service pipe. Further, the applicant agrees not to make a claim against the East Wenatchee Water District or its agents or employees for damages and/or loss of production, sales or service, in case of water pressure variations, or the disruption of the water supply for water system repair, routine maintenance, power outages, and other conditions normally expected in the operation of a water system.

Per Resolution No. 550, the East Wenatchee Water District provides water service for Habitat for Humanity projects at an adjusted plant investment fee rate.

******NEW CONSTRUCTION—PRIOR TO OCCUPANCY IT IS THE CONTRACTOR'S RESPONSIBILITY TO HAVE ANY CROSS CONNECTION CONTROL DEVICES TESTED AND PROOF OF SUCCESSFUL TEST RESULTS FORWARDED TO EWWD. IF NO TEST RESULTS ARE SUBMITTED TO THE DISTRICT, WATER SERVICE MAY BE TERMINATED IN 30 DAYS.**
